

Child Nurture and Relief Kashmir

DONATION APPEAL

As you are aware, CHINAR Kashmir (CK) runs three Programs focused on the education and well-being of children and the empowerment of women and youth. All these programs are run with the help of generous contributions from donors like you. The three programs are:

- **CHINAR Home Program (CHP):** This program takes care of a group of orphaned children who live in a home under the care of ‘mothers’, who are their principal caregivers. The CHINAR Home which was till date operating from rented accommodation has now moved into our own newly constructed facility (pictured below though not fully complete as yet) at Khanpora, Budgam (Near J.N.V.School, Ompora).
- **Remote Child Sponsorship Programme.** We have around 100 children in this program, mostly orphans and other children whose families are socially and economically disadvantaged. Our support consists of school fees, school supplies, clothing and food and ensures that the child continues his/her education. This program caters to children from many regions of the state including Ladakh.
- **Skills Enhancement and Entrepreneurship Development (SEED).** The objective of this program is to empower socio-economically marginalized women and youth and, by extension, their equally disadvantaged families and communities. Through the SEED program we provide training in marketable vocational skills that would allow them to earn a livelihood. In addition to technical training, the SEED program includes life-skills training and entrepreneurship component. In this connection, we currently have a Designing and Tailoring Program in our Khanpora Budgam campus with a class of 16 local women who are enrolled in our six- month course. Also, ground work has already begun for setting up a computer training centre.

We are asking for your generous help in carrying these programs forward and making a difference in the lives of these disadvantaged members of our society. The table below gives the estimated cost of balance works in the CHINAR Home, the proposed expenditure on the SEED Program for putting the two training centres on a firm footing as well as the funds required for our Flagship Programs for the children i.e. CHP and RCSP:

S.No	Name of the Program	Amount Required(INR)
1.	CHINAR Home Program-The children	20 lacs (Anually)
2.	Remote Child sponsorship Program(RCSP)	35 lacs (Anually)
3.	SEED Program	18 lacs
4.	CHINAR Home Construction (final phase)	30 lacs

Child Nurture and Relief Kashmir

We hope that you will come forward with your donations for our programs which would give a large number of children a favorable environment conducive to studying and achieving their goals in life, besides empowering many disadvantaged women and youth with professional skills suitable for a dignified livelihood.
