

Child Nurture and Relief Kashmir

Dear CHINAR Kashmir Donors and Other friends,

This spring, I am again communicating with you, under a renewed threat and an ominous shadow of the COVID-19 Pandemic. Everyone thought that: "We had overcome", but God willed otherwise. Hopefully, with vaccinations and proper precautions we shall surf-over this wave too, Insha-Allah.

This year obviously, has been tough for everyone. For CHINAR Kashmir (CK) it has been more so, with no movement of Personnel possible initially and the constant danger of, Children and/or the Staff in the CK Home falling prey, anytime. But thank God; due to a strict Lockdown-cum-Isolation of the Facility, strict S.O.P(s) of behavior, and a comprehensive regime of testing for newcomers or anyone moving in or out of the Home, we have been successful in avoiding a catastrophe so far. In fact we have been able to increase the number of Children in the Home.

Our efforts, under our Relief & Rehabilitation (R&R) Programme, of providing succor to the economically suffering (due to a complete Lockdown) poor families, are still going-on. For the last, more than nine months, we have been transferring money (every month, regularly), into the Bank Accounts, of more than 120 badly-hit families, where daily wages were the only source of income, before the Pandemic.

Similarly, in-spite of all the odds, under our Skills Enhancement and Entrepreneurship Development (SEED) Programme, we have been scaling-up the opening of our **Cutting & Tailoring (C&T) Centers** and as of now we have seven such Training Centers operational in: Srinagar, Badgam, Kupwara and even in far-off Kishtawar. **Currently a total of 110 girls from poor families are being trained in these Centers, in addition to the 187 girls, also from the disadvantaged sections of the society, already trained earlier, in our various Centers, since the Programme was started. And we are proud that; more than 75% of these 187 trained girls have become entrepreneurs, individually or collectively and are adding substantially to the incomes of their families. That is our aim!**

CK's other efforts, like the Remote Child Sponsorship Programme (RCSP) is also moving forward on an even Keel. More than 125 children, of about as many disadvantaged families, are enrolled in and benefitting currently from this Programme. This truncated academic year (2020-21) we had twelve children from the RCSP who appeared in the Exams of 12th and the same number in the Class 10th exams, held by the Government's Board of Secondary Education. Considering the background these children come from, the success rate of more than 80% achieved, is quite laudable – modestly speaking! **And almost half of the children who passed these exams scored more than 80% marks. And a few even got more than 93% marks.** To a large extent, these achievements became possible only; due to CK's intervention and help, under the RCSP and also the GHAR Programme. Under the latter Programme we improve, even the living conditions of these families by way of: Repairs etc to their Rooms / Roof and

improving the Kitchen and Toilet facilities, wherever such need is felt. Our experience has shown that, all this helps in, vastly improving the environment for studies, within the home. Now (going-ahead) these children are being

Child Nurture and Relief Kashmir

helped financially, for taking extra coaching for; higher classes and competitive exams.

While on the subject of the CK Programmes and achievements thereof, I must mention our Shining Stars – Success Stories, especially from the CK Home Programme. We adopted our first children (mostly orphans) for the CK Home, onwards of 2004 (i.e. the time we started), when all these children were in the age group of 3 to 7 years. We are pleased and modestly proud to inform our Benefactors that, with their help, the earliest entrants who grew-up, in the Home are doing well, with your support and help. Four boys are pursuing Course of: B.Tech, B.Com, M.Com and MBA, in good Government Colleges, all on their own merit. And the three girls, not to be left behind, are pursuing Degree courses in similar Colleges (also on the basis of their own merit) in: Nursing, Management and Political Science.

I would once more, thank you for your unflinching support and vital contributions (to CHINAR Kashmir's cause), without which all the afore-said would not have been possible. We in CHINAR Kashmir and the large section of people who benefited from your largesse shall always be grateful to; you and your personal concern about such issues of welfare in Kashmir.

As always we again approach you; to kindly Continue-Supporting / Support us, in order to continue helping these extremely vulnerable groups as before, through our existing Programmes, in this moment of Crisis and beyond. Every Rupee of your donation will go towards helping these Families and Children, with complete Transparency as always; so that these children do continue in Schools, stay safe and avoid starvation,. This is not only our Vision; but now, our Moral-obligation too.

You can donate using the e-banking facility, from the safety of your home, or write-out a Cheque (for: Child Nurture And Relief, Kashmir) and mail it. The details about the expenditure, further requirement of Funds, Bank details and the Office address etc for communications, along-with a Pictorial-Glimpse of the CK activities is attached, in two separate sheets.

Kindly DO extend a helping hand, as you always do, without-fail every year, especially during the Holy Month of Ramadhan-Mubarak.

Dated: 31st March, 2021

With best regards

(N. A. Qureshi)

President

Child Nurture and Relief (CHINAR) Kashmir

For donors having Indian Citizenship:
